UNDERHOOD 70 Air Compressor System INTERNATIONAL TERRASTAR SPECIFICATIONS

Using years of design and engineering experience and responding to frequent customer requests, VMAC has created an air compressor system for a truck with true commercial blood-lines; the International TerraStar. Utilizing some OEM components, this UNDERHOOD 70 CFM system is able to create enough air to power most of your customer's tools without taking up any valuable payload space.

OUTPUT

- Up to 70 CFM
- Up to 175 PSI

SYSTEM WEIGHT

- ~150 LBS

COMPRESSOR

- Size: 7.0" (w) x 11.0" (l) x 6.5" (h)
- Type: Oil flooded rotary screw

BRACKET

- Lightweight cast aluminum design
- Application engineered

AIR/OIL SEPARATOR TANK

- Size: 6.0" (d) x 31.0" (l)
- Lightweight aluminum
- Mounts along the frame rail

OIL COOLER

- Size: 4.25 (w) x 9.0" (l) x 3.5" (h)
- Type: Liquid to liquid
- Mounts in line with the radiator

THROTTLE CONTROL

- Adjusts engine speed automatically to match air demand

WARRANTY

- 2 year warranty on all major components

SAFETY FEATURES

- Vehicle drive disable circuit on throttle control
- Park brake safety shut off switch on control box
- Automatic rapid blow-down valve on tank
- 200 PSI pressure relief valve on tank
- Electric clutch on compressor
- LCD Displays: service notifications, fault identification and system temperature

OPTIONAL ACCESSORIES

- System De-icers, Hose Reels, Air Receiver Tanks, Air AfterCoolers, FRLs and Heavy Duty Air Filters
